

Tucson Service Zones

Beginning Monday, December 3rd, 2018

Why are there route changes? A great amount of research goes into service adjustments, which primarily focuses on what's best for our customers and RAD's sustainable commitment to the environment.

Please place both trash and recycling carts out the night prior, or by 6 a.m. on your service day. Trash and recycling are serviced by separate trucks, both carts will be collected by 6 p.m. on the assigned day. For additional information on service please visit RADservices.com
